## SUMMARY

---

Software engineer (5+ years) with front-end and full-stack experience building scalable web & mobile apps. I design user-focused interfaces and implement reliable backends; I've shipped social and registration apps, and I bridge product, design, and engineering to deliver production-ready solutions.

## EXPERIENCE

---

### Lead Software Developer

Jan '26 — Present  
Ontario, Canada (Remote)

RHG FOODS  
As the Lead Software Developer at RHG Foods (Royal Howalem Global Canada Inc.), I spearhead the company's technology strategy and digital infrastructure. I architect and maintain the end-to-end platform powering our cassava and tapioca supply chain — from a proprietary Digital Passport traceability system with QR-based pallet tracking, to automated compliance workflows aligned with CFIA standards. My role bridges global sourcing operations with customer-facing technology, delivering real-time shipment visibility, Certificate of Analysis generation, and admin tooling that enables the company to disrupt traditional commodity trading through transparency and innovation.

- Led development of features, improving increased conversion by 12%.
- Built and maintained React/Node.js web interfaces and integrations with APIs/services.
- Implemented traceability/verification features and collaborated with cross-functional teams on deployment and monitoring.
- Produced developer ready designs and documentation to speed implementation.

### Associate Software engineer

Jan '21 — Dec '25

Tulolag Petroleum Energy Ltd

Lagos, Nigeria (Remote)

As an Associate Software Engineer at Tulolag Petroleum Energy Ltd, I support the company's digital transformation by implementing modern IT systems that improve operations, strengthen data security, and enhance overall efficiency. I collaborate with cross-functional teams to deliver technology solutions that align with industry standards and business goals.

- Spearheaded the adoption of modern IT solutions, streamlining company operations and improving overall efficiency.
- Supervised the implementation of secure data management systems to enhance organizational data integrity.
- Managed and maintained the company's IT infrastructure, ensuring seamless operations and minimal downtime.
- Directed technology-driven projects, enabling the business to adapt to emerging energy sector trends.
- Collaborated with cross-departmental teams to integrate technology into day-to-day operations effectively.

### Software Intern

Jan '23 — Jun '23

Sterling Bank Headquarters

Lagos, Nigeria

As a Software Intern at Sterling Bank, I supported the development and optimization of web applications for the bank's digital platforms. I built responsive, accessible user interfaces, improved API performance, and resolved technical issues to ensure smooth, reliable performance across devices while working with cross-functional teams.

- Collaborated with cross-functional teams to develop and maintain responsive web applications using ReactJS and Chakra UI.
- Designed and optimized user interfaces for improved accessibility and seamless user experiences.
- Enhanced API routes and developed new endpoints, improving application functionality and performance.
- Conducted debugging and resolved issues to ensure smooth performance across multiple devices.

## EDUCATION

---

### Bachelors in Software Engineering, Babcock University (GPA: 4.0/5.0)

Sep '20 — Jul '24  
Ogun state, Nigeria

- During my studies at Babcock University, I specialized in software engineering with a focus on front-end development and UI/UX. I built a responsive capstone web application using React and Supabase, participated in hackathons delivering full-stack solutions under tight deadlines, and led tech club workshops on tools such as Figma and React.

## PROJECTS

---

**RHG FOODS Website**, ReactJS(Company's Project) [Link](#)Jan '26 — Present  
Ontario, Canada

- RHG Foods is a Canadian agri-tech startup specializing in the import and distribution of premium cassava flour and tapioca starch to Ontario's manufacturing sector. Through its proprietary Digital Passport system, the company delivers full farm-to-warehouse traceability, combining global sourcing with technology-driven transparency and CFIA-compliant operations.

**Stackpulse Solutions Website**, ReactJS(Company's Project) [Link](#)Oct '25 — Dec '25  
Lagos, Nigeria

- StackPulse Solutions is a technology solutions company focused on building modern, user-centered digital products. We specialize in web and mobile application development, UI/UX design, and scalable software systems that help businesses streamline operations and deliver better digital experiences.

**SheSafe**, ReactJS, Chakra UI(Personal Project) [Link](#)May '25 — Jul '25  
Lagos , Nigeria

- Developed a safety-focused mobile app that empowers users with real-time check-ins, trusted contacts, and emergency responder support. SheSafe ensures users can start timed walks, receive immediate assistance from verified responders, and stay connected with their network through a simple, reliable, and secure interface.

**SKILLS**

---

**Frontend Development** HTML, CSS, JavaScript, TypeScript, ReactJS, Next.js, Chakra UI, Responsive Design, AngularJS, Tailwind CSS, Firebase, Supabase, API's, Formik, Authentications, redux**Design Skills** UI/UX Design Tools, Prototyping, Responsive Design Principles, Figma, Mockups, User Experience, Wireframing, Product Design, Typography, Adobe XD, Microinteractions, Mobile App, Design Systems, User Flows**Backend Development** NodeJS, Python, Express.js, RESTful APIs, DBMS, Git, Linux, Debugging, Authentication & Authorization, Database Design, PostgreSQL, Postman, Environment Variables & Deployment Basics**Tools & Workflow** Git, Github, Figma, Vs code, Postman, vercel, Netlify, Firebase Hosting, Supabase Hosting**Soft Skills** Teamwork, Communication Skills, Problem Solving, Adaptability, Usability, Collaboration, Scalability, Critical Thinking, Leadership, Time Management, Attention to Detail**Interests** Football, Designing, Videogames/Movies, Listening to Music, Gym/Fitness**Languages** English, Yoruba
